PROFILE

Experienced backend developer specializing in **Laravel,MySQL,PHP** and **Vue.js**, with four years of honed skills. Proven track record in guiding teams through project architecture and implementation, optimizing processes, and enhancing system performance.

PROFESSIONAL EXPERIENCE

Honor Capital Markets Limited, Software Developer Sep 2022 – present | Dubai, UAE

Development of In-House CRM Module with Staff & Client Portals

- Led development of an in-house CRM module development with **Laravel 9**, integrating **Next.js** and **Vue.js 3** for seamless UX/UI.
- Implemented secure RESTful API endpoints using Laravel Sanctum, efficiently managing **MySQL** databases for data optimization.
- Collaborated cross-functionally to define API contracts and rigorously tested functionality/performance with **Postman**.

Development of the company website 'HonorBullion' entirely using Vue.js, with API integration from the Laravel backend.

Key Achievements:

- 1.Successfully led the development of a real-time collaborative task management system, resulting in a 25% increase in team productivity.
- 2.Improved application performance by implementing Vue.js components, reducing the overall load time by 30%.
- 3.Optimized database queries and indexes, leading to a 20% improvement in response time for data retrieval

PACE Group, Full Stack Developer Jul 2020 – Aug 2022 | Sharjah, UAE

Developing web application for PACE GROUP's Ed-Tech platform - PreparEd

- Developed e-learning platform for K12 students with video streaming, quizzes, tests, Parent Connect, AI integration using **Laravel** and **Vue.js**.
- Created Workflow Management Web and Android app for task tracking, automated reporting, and Video Content Creation.
- Played key role in API development, gaining expertise in **Bootstrap, Laravel, Vue.js**, and similar frameworks; conducted testing for platform optimization.
